Re: IA005264940 RCRA Haz Waste Authorization Number - 1441  
IA0000070094 RCRA Haz Waste Authorization Number - Central Park

Dear Ladies & Gentlemen:

As the Quality Control Manager for Brammer Company, LLC, one of my duties is to make sure that we are in compliance with all environmental regulations and that our permits are updated regularly with the correct information. In my routine review of some of the permits we hold here at Brammer Company, I note that the contact person is incorrectly listed as Terry Dickey. As Terry Dickey is no longer with our company, I would appreciate if you would update your files to reflect the following information and contact person:

Dan Foster, Quality Control Manager  
Brammer Company, LLC  
1441 Rockingham Road  
Davenport, IA 52802

Should you require any other information, please do not hesitate to contact me.

Respectfully,

Dan Foster  
Quality Control Manager  
Brammer Company, LLC
